Paimpol

Berthing

- Berthing will be in the inner harbour (all walk-ashore).
- The lock is generally free-flow from HW-1hr to HW
- You will be directed to a specific place within the harbour by marina staff assisted by local Paimpol CCR volunteers.
- Please adhere to the entry procedure that you will be given in Lezardrieux; timing is critical to get 100 boats through the lock gates during free-flow.

Fuel

- In front of the Maison des Plaisanciers in Bassin 2 during working hours.

Water

- On all pontoons.

Electricity

- On all pontoons.

Waste

- Designated bins around the harbour for sorted waste.

Toilets & showers

- In the Capitainerie (Maison Des Plaisanciers)..

Connections

- Rail: via Guingamp to either Roscoff (via Morlaix) then a short bus ride to Roscoff ferry terminal) or St Malo via Rennes: www.sncf-connect.com/en-en/.
- It is possible to get to St Malo early enough by train to connect with the morning ferry starting from Guingamp on a weekday and on Saturday but you will need to get a taxi to Guingamp from Paimpol which is about 30km away to catch the first train (departs approx. 6.47am from Guingamp).
- Taxi: prices for a firm in Paimpol with an 8 seater taxi are comparable to rail if full both ways; quicker too. Paimpol to St Malo is about 2 hours and costs a minimum of about €45pp. Paimpol to Roscoff is also 2 hours and costs a minimum of about €40pp. Both prices assume taxis are full both ways. We have a volunteer coordinating taxis to try to fill them: Bill Hogg billhogg.z35@gmail.com.
- Nearest airport is Rennes with flights to the UK. Brest has a direct flight to Birmingham.
